VPai Home

VPai Home Smart Security IP Camera

Unlock the huge potential of the home security market with the VPai Home Smart Security IP Camera. In addition to a production-ready IP65-rated 1080P FHD camera with night vision capabilities, this comprehensive turnkey solution also includes a suite of user-friendly Apple® iPhone® and Android smartphone apps that deliver stunning visual quality, motion-activated and video alerts.

Available in a variety of color combinations and language versions, the VPai Home Smart Security IP Camera can be rapidly customized to meet your specific requirements. To facilitate the sourcing, manufacturing, QC, QA, and logistics processes and speed up time to market, a complete range of rapid productization services is also provided.

Simple Setup & Operation

VPai Home can be easily connected to a home Wi-Fi network and enables quick and easy setup with its user-friendly Apple iPhone and Android smartphone apps. Operation is a snap thanks to the app's clean interface that allows instant access to live video from the camera no matter where you happen to be.

Stylish and Durable Design for Indoor and Outdoor Applications

VPai Home blends seamlessly into any home environment and can be placed wherever you want it – whether it's inside your living room or outside in the garden. The camera even features a battery supporting up six months of standby time so that you can operate it without having to hook it up to a power outlet. Crafted from hard-wearing materials, VPai Home is IP65-certified and can operate in demanding temperature and weather conditions.

Vibrant FHD Video Quality

VPai Home captures scenes in rich, vibrant colors in a stunning FHD resolutions of 1920x1080 – ensuring that you can see whatever is happening at home on your smart phone without having to strain your eyes or lean in close when viewing it. The camera's extensive 138° field of view ensures a more comprehensive picture of the target environment.

Superior Night Vision

VPai Home delivers 24-hour protection with infrared night vision that ensures clear videos when darkness falls.

VPai Home

24/7 Monitoring

The camera monitors the home environment round-the-clock through the smartphone app. It can be configured to record or to wake up whenever it is activated by a smartphone or alarm.

Local and Cloud Storage Options

Recorded footage can be stored locally on a Micro SD Card (not included) or the optional VPai Home cloud service.The user-friendly interface of the VPai Home app makes it easy for you to scroll through past footage and download relevant videos.

Motion-Activated HD Video Alerts

VPai Home sends an HD video alert when motion is detected by its smart PIR (Passive Infrared) sensors. The camera sends the alerts directly to your smartphone through the VPai Home app, so that you can see exactly what is happening and decide how best to respond.

Siren Alert

VPai Home features a siren alert that can be activated through the app to set off a powerful, piercing sound to warn off an intruder.

Two-Way Audio

The built-in microphone and speaker enable you to converse with family members while you are away from home and take part in special occasions no matter where you are in the world.

Hardware Features

- 1/2.7" 1080P CMOS image sensor
- 3.56mm @ F2.4 EFL
- 138° Field of View
- Auto night vision mode
- H.264 video compression engine
- FHD video resolution

- Motion detection using smart PIR sensor
- Operating Temperature range of -10°C ~ 50°C
- Micro SD slot supporting cards up to 128GB
- Two-Way audio
- 802.11b/g/n Wi-Fi
- Lithium Ion battery supporting up to six months of standby time

- DC 5V Micro-USB power connector
- Siren alert
- Humidity <95% (non-condensing)
- IP65-certified
- 48.6mm x 66.3mm x 77.3mm (W x D x H)
- Weight: 170g

App Features

- Facebook/WeChat/Line log-in
- Live preview and record
- Instant alerts
- Remote video playback

- Cloud storage
- Bi-directional voice communication
- Multiple languages
- Automatic OTA updates

Accessory

- Camera mount
- USB cable
- User manual

Optional Accessory

- Wall mount
- Magnetic base
- Sync module
